World Percussion

International Music Camp

Instruments will be provided, however please feel free **to bring any personal congas, djembes, frame drums, or any other hand drums** you may want to use. Drumming from the Arabic and Brazilian traditions will be explored. Material from any drumming style is welcome, and participants will be able to explore improvisation and present their own ideas!

We strongly recommend bringing your own ear plugs.

Please bring comfortable black or dark blue pants (no skirts), a white shirt, and black shoes for the performance dress. You will play a number of different instruments in different postures, and mobility is essential!
