DRUMLINE

sponsored by ECKROTH MUSIC

This workshop concentrates on drumline techniques while still giving the campers a complete percussion ensemble experience utilizing not only traditional marching percussion instruments but also keyboards, timpani, and auxiliary percussion. Students will be assigned to a concert band or percussion ensemble to round out their percussion experience.

The workshop sponsor, **Eckroth Music**, will supply one complete set of state-of-the-art marching percussion equipment. However, this may not be enough equipment for the entire class. **Please bring the instrument(s) that you play in your school drumline if you are able!**

All Students are asked to bring **ear plugs,** a practice pad, Ralph Hardimon Marching Sticks (Vic Firth), and a metronome. The following mallets are recommended, but not required: 1 pair medium hard mallets for vibes/marimba and 1 pair hard black rubber mallets for xylophone/bells. Also, bring whatever straps, mallets, harnesses or stands that may be. **Remember your ear plugs and extra sticks!**

The final performance will be held Saturday at 1:00 pm in the Masonic Auditorium. The band concerts will immediately follow the Drumline exhibition.
