

Meet Brent Gerber

Brent is a life-long musician who has acquired a life-long supply of musical knowledge as a result of numerous skilled conductors, mentors, coaches and students. As a 39 year barbershop member, he has extensive experience both as a singer and conductor.

His barbershop quartets, People's Choice and BreakPoint were known as popular entertaining groups that could sing at a high level as well. This is evidenced by their Land O' Lakes District Championships and multiple qualifications for the International Barbershop Quartet Contest.

Having begun his directing career as the "summer director" for the chorus in Milbank, SD when he was 17 years old, he has had the great pleasure of directing multiple choruses—both male and female. He prides himself on making rehearsals and performances entertaining. And getting the audiences involved is a top priority—we all just plain need to sing more!

Having served as a coach and clinician throughout the upper mid-west, Brent is excited to experience the beauty of the Peace Garden and the musical enthusiasm of the International Music Camp first-hand.

In his "real life" he manages an insurance agency and resides in Detroit Lakes, MN.
