

Since 2001, Carolyn (Carrie) Loney's heart has sung with River Falls High School musicians, allowing her to experience the beauty, laughter, learning, and bonds that are created when music and passion unite. In addition to her high school role, some of her most impactful experiences have included serving as a clinician for various high school honors choirs, serving in the Wisconsin School Music Association (WSMA) as a State High School Honors Choir Section Coach/Coordinator, clinician, and judge; conducting the American Choral Directors Association (ACDA) State Middle Level Honors Choir (North Dakota), conducting at the International Music Camp (IMC), and discovering potential with Babette Lightner and the Voice Care network. As a lifelong learner, Ms. Loney has received diplomas from St. Thomas (MME) and UW-Eau Claire (B-ME), and has also recently renewed her National Boards Teaching License. She continues to refine her teaching through leadership and educational conferences, She is thankful for her husband Dean, her daughter Megan, and her dog, Smudge.
