

# INTERNATIONAL MUSIC CAMP

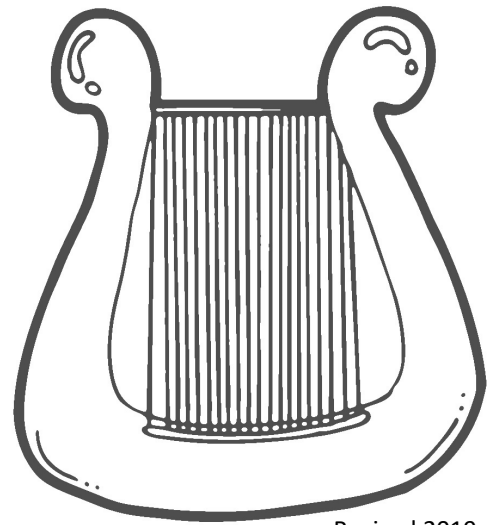

# HARP

The harp program welcomes campers of all levels and abilities, including those who have never before touched a harp!

Within the class lessons, there will be presentations and exploratory sessions in harp literature, technique, improvisation, and building a repertoire. Campers can expect to play in a harp ensemble, working on music in a variety of musical styles and genres; music will be provided.

For those trying the harp for the first time, or who need to rent an instrument, our instructor, Callie Stadem, has a limited number of lever and pedal harps available; they should contact her at: [callie.stadem@gmail.com](mailto:callie.stadem@gmail.com) at their earliest convenience.

Campers are encouraged to bring their own harp, either pedal or lever, as well as the following items, if they have them: a tuner, tuning key, spare strings, bench, stand, and any solo music.
