Classically trained but raised on Classic Rock, Winnipeg singer-songwriter Sister Dorothy has entertained audiences since debuting as solo vocalist in her Kindergarten Christmas Concert. Since then, she has embraced classical, steel-string and electric guitars, flute and honed her vocals – making her the multi-instrumental Renaissance musician and video artist known today.

Growing up in a Mennonite family, Dorothy Penner was taught to treat all people like sisters and brothers – hence the moniker “Sister Dorothy”. She has embraced this habit throughout her life and continues to live what she learned as she enters her sixth decade as a recording artist and performer.
