

Hi! My name is Grace Miller and I'm so excited to be joining the staff at IMC as a repair technician this year! I just graduated from the Red Wing campus of Minnesota State College Southeast in the band instrument repair program. I have experience working on woodwinds, as well as brass, and I will be staying in Red Wing another year to learn how to repair and build violins! Before I moved to Red Wing, I lived in Pennsylvania and got my bachelor's degree in Music and German from Lehigh University. There I was part of many, many ensembles and I played trumpet, French horn, and mellophone. Now, I play French horn in the River Valley Band in Hastings, MN and I will be trying my hand at alto horn as part of the Sheldon Brass Band in Red Wing. When I'm not busy with one of my musical endeavors, you can find me working as a server at the Scarlet Kitchen and Bar, crocheting, or playing with my wonderful kitty, Wallie.
