

IMC 2022 Face Mask Expectations

We are excited to be back to summer residential camping! Our goal is to make sure your camper has an awesome week at IMC. Please note the following expectations to make sure our staff and faculty can stay on the job and campers can stay at the Peace Garden this summer!

Campers, staff, faculty, and volunteers will follow the [CDC's COVID-19 Community Levels](#) face mask guidance (green, yellow, red) for Rolette County, North Dakota at the time of each camp session. The Main Office will have the current level posted and expectations for that level and any changes to them will be announced to campers, faculty, and staff if/when they occur. Visitors to IMC must be masked at all times when indoors. Gaiters and face shields are not allowed to be used as face masks at the International Music Camp.

Additional Masking Expectations
