

James (JP) Mackey is a graphic designer for Minnesota State University, Mankato and lifelong artist. In order to keep him from being a danger to himself and others, James stays busy with painting, drawing cartoons and writing. He has published a number of children's and young adult books, as well as a free 'zine called CRAP!, which houses all of his words, drawings and thoughts that are ill-suited for sale. His current project, an illustrated novel called 'Ragdolls' will be published some time in 2023. He is the proud father of three boys and servant to a spoiled tortie cat named Hermione.
