

International Music Camp

Guitar Camp

We will be working on a variety of guitar styles including rock and roll, classical, folk, and blues.

Be prepared for a lot of playing! If you are a beginner, you will probably find it easier on yourself if you bring a *nylon-stringed guitar*. It would be a good idea to bring an extra set of guitar strings and a few picks, as well as an electronic tuner and a pencil. Also, bring any music you are already working on.

Please bring an acoustic guitar. This is necessary because students will not have access to electrical outlets at all times (especially outside of scheduled class time.)

When weather permits, practice time will be held outside. If you want to bring an electric guitar as well, bring your amp, extra patch cords, extension cord, tools, etc.

**The final Guitar Recital will be on Saturday at 11:00 am.
Parents and friends are invited to attend.**
