AJ Gorthy was born and raised in Minot, North Dakota. In middle school, his family moved to Surrey, North Dakota, where he graduated high school in 2020. He graduated from Minot State University (MSU) with two undergraduate degrees: Bachelor of Science in Education with a Major in Art and Bachelors of Arts with a Major in Ceramics. While at university, he also worked on getting four concentrations: American Deaf Studies, Traditional Arts & Crafts, Sculpture, and Instructional Sciences. Mr. G hopes to teach middle school and/or high school art education in a public school in North Dakota, or in the United Kingdoms.

Now that Mr. G has more time on his hands, he enjoys playing video games like Stardew Valley, No Mans Sky and Zelda. While he enjoys playing games, he also enjoys creating them. He has recently purchased a Bamboo 3D printer and has found a new addictive hobby of creating board games, miniature figurines, and dice towers.
